Celoron, NY 14720

Registration:

8:00 am

Summit:

8:30 am-4pm

Opioid  
Response  
Network

*& Referral Protocol*

This 1-day summit will provide an opportunity to further your knowledge and experience regarding wound care for persons who use drugs (PWUD). This conversation will include an overview of the risks associated with **xylazine use**, best practices for **identifying and treating wounds**, conversational strategies for enhancing engagement in wound care among PWUDs, as well as harm reduction focused resources and recommendations for improving the health of this population. You will have the opportunity to ask experts questions, work with your peers, share your own experiences, and even practice wound care intervention.

**MHA**
